DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed January 22, 2004 has been entered. Claims 1, 3, 5, 8 and 15 have been amended. Claims 4, 11-12 and 16-36 have been canceled. New claims 37-42 have been added. Claims 1-3, 5-10, 13-15 and 37-42 are pending in the instant application.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 1-3, 5-10, 13-15 and 37-42 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter that was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. In claim 1, line 2, the newly added limitation of "or their equivalents" does not appear to have support in the original disclosure because the original disclosure does not refer anywhere to equivalents of any of the claimed process steps.

Claims 2-3, 5-10, 13-15 and 37-42 are rejected as dependent claims.

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3, 5-10, 13-15 and 37-42 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 1, line 2, the newly added limitation of “or their equivalents” renders the claim indefinite because the original disclosure does not refer anywhere to equivalents of any of the claimed process steps and as such one is not appraised of the “equivalents” that Applicant is claiming. Further, it is noted that it is unclear whether Applicant is referring to the “equivalents” of the process steps or the “equivalents” of certain structural features of the claimed composite sports racquet frame. Further clarification is required.

Claims 2-3, 5-10, 13-15 and 37-42 are rejected as dependent claims.

Allowable Subject Matter

5. Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, first and second paragraphs, set forth in this Office action.
6. Claims 2-3, 5-10, 13-15 and 37-42 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, first and second paragraphs, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Amendment

7. Applicant's remarks filed January 22, 2004 have been considered.

Applicant's arguments are drawn to newly presented claim limitations not previously presented and as such have been rejected in this Office Action as set forth above.

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
